How It Works

- You'll submit a short application form telling us about yourself and your goals.
- A panel (made up of Flight Crowd team members and our industry colleagues) will review your applications once they've been made anonymous by our Scholarships admin team.
- We'll choose recipients based on passion, effort, and potential.

What You'll Receive

- For the Flight Crowd's 'Next Steps' Scholarship: A grant of £500, £300, or £200 to help fund a learning experience, course, event, or project linked to Aviation, Aerospace, Future Flight or STE(A)M.
- For the SaxonAir 'Electric Flight Experience' Award: A full-day experience of SaxonAir's world-class Norwich facilities, a unique flight in the world's first fully certified electric aircraft, Pipistrel Velis Electro, a day full of networking and hands-on learning about the exciting world of electric Aviation and more.
- A shoutout on our social channels (with your permission!).
- Support and guidance from the Flight Crowd network.

The Small Print

- For the Flight Crowd's 'Next Steps' Scholarship: The money must be used for something that supports your personal and/or professional development (we'll ask for a short reflection or update after you've used it). If, for any reason, you're unable to use the funding as planned, please let us know. We're human, we understand!
- For the SaxonAir 'Electric Flight Experience' Award: The date of the experience will be mutually agreed between you, the Flight Crowd and the SaxonAir team, with the full-day experience typically taking place within 6 months of you receiving the Award. The experience is weather-dependent as it includes flying in an electric aircraft, however, we will make every endeavour to find a date that works for all of us and the weather!
- We reserve the right to make final decisions and adjust timelines as needed (don't worry - we'll always be transparent about any changes).
- By applying, you agree that your application details will be reviewed by our team and judges. We won't share your confidential details beyond the Flight Crowd's Scholarship Committee.
- If successful, you agree to your video pitch (Q16 of the [Application form](#)), feedback post-award, and proof of a scholarship-related activity (e.g., you winning a scholarship to attend a conference with the evidence being photos from the event) to potentially be featured on Flight Crowd's social media channels.
